Elements of protection

Letter “H” is equal to the surface tariff of a letter up to 20 gram abroad.

The creation of the National System of Satellite Communication and Broadcast is the largest project in the field of telecommunications, implemented by the Republic of Belarus. The project is of high innovative, economic, social and political importance to the country. The decision to launch its own communications satellite was taken at the highest state level. A closed tender was announced for this project, which was won by the China Great Wall Industry Corporation.

The Belarusian communications satellite “Belintersat-1” was launched on January 15, 2016 at 7:57pm Minsk time from the Xichang Satellite Launch Center (China).

The project was prepared in cooperation with the State Military Industrial Committee of the Republic of Belarus.
